PARADIGM

"We believe in quality"

B - PCC Cont. Co. Ltd.

PARADIGM CONSTRUCTION COMPANY LIMITED, (abbreviated as "PCC"), was registered as Saudi Company in 2003, under CR No 1010188728, with a paid up capital of Two Million Saudi Riyals. The Company is registered to carry out the construction activities in the following fields:-

- Buildings Construction
- Buildings Renovation
- Buildings Maintenance
- Buildings Demolition
- Decorative Works
- Electro-Mechanical Works
- Telecommunication Works
- Earth Works **and**
- Roads Works

We have experienced and dedicated team of engineers and associated staff in the field, in the technical office, in QA/QC and in safety/security departments. We aim to deliver the projects to our valuable clients,

- Within project timeframe,
- with the best possible quality, and
- Within the budget.

PCC is a classified company from the Ministry of Public Works and Housing, and is registered with Saudi Aramco, Saudi Telecom Company and Saudi Electric company. With its resources, skills and financial strength, it is capable to execute turnkey projects. With our competent management team and their skills to utilize the resources under well planned scheduling and monitoring, we achieve the targets to the full satisfaction, taste and requirements of our valuable clients.

PARADIGM

"We believe in quality"

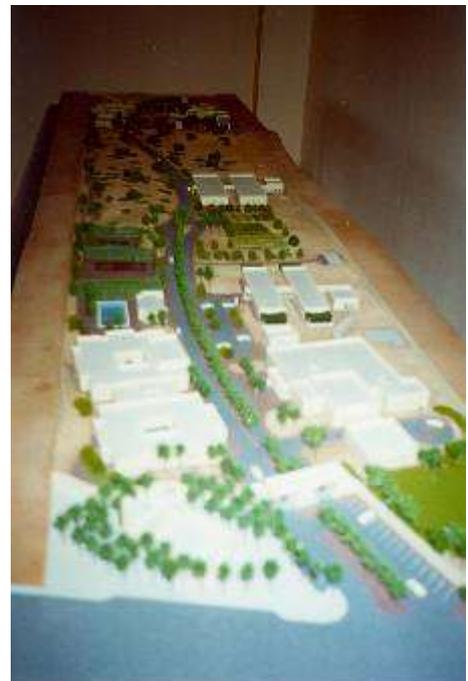

B - Vision & Mission

Our customers are our strategic partners. Their problems are our challenges, for which we remain eager to offer innovative, cost effective and reliable services, fully fit for the purpose intended. We aim to deliver high-quality, cost-effective projects on schedule by employing and supporting motivated, flexible, and focused teams. We value the importance of our relationships and will continue to remain fair and true in our dealings with all employees, clients, vendors, and partners.

C - Background

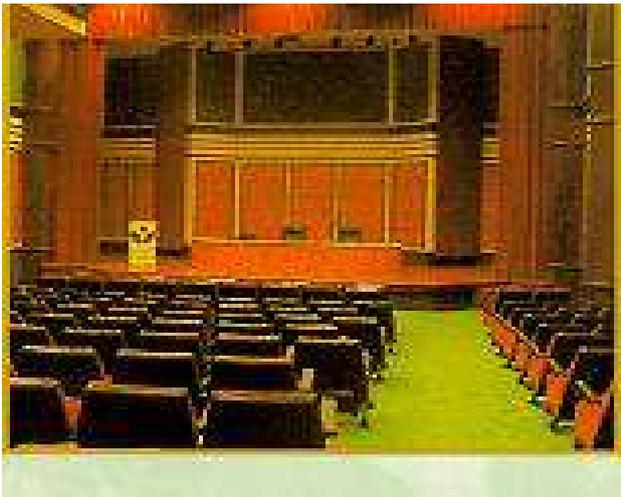

Though the company is formed in 2003, the company's general manager, having degree in Civil Engineering is engaged in the field of construction in the Kingdom of Saudi Arabia since 1982. He has been involved with managerial role on various reputable projects in the Kingdom, **some of which are:-**

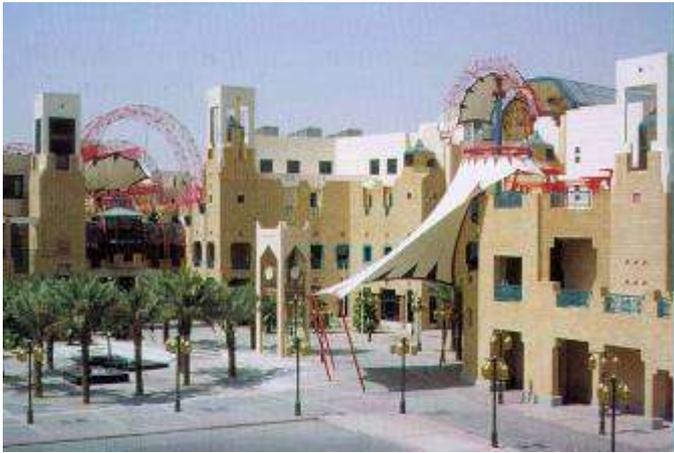

**Prince Fahad bin
Sultan Falcon Center,**

Prince Salman Social Center, Riyadh

Al Tamer center, Riyadh

PARADIGM

“We believe in quality”

**Al-Kaleej Sport Complex,
Sayhat - Dammam**

A Housing Complex at Haql (Tabouk)

AND

- **Guest and Support Building, Ministry of Defense, Riyadh**
- **Aramco Training Center, Dhahran**
- **132 KVA Substations at Duba, Al Bida and Haql (Tabouk Region)**

He served in the high ranking national and international companies' i.e.

- **Carlson Al-Saudia Ltd. (American Company)**
- **Gustav Apple Arabia Ltd. (German Company)**
- **El-Seif Contracting (Leading National Company)**

and

- **Bin Dayel Contracting (Reputed national Company)**

While serving in those companies, he got the exposure to manage and to interface with multinational technical and operational staff employees as well as the reputable consultants i.e. Cooper McDonald, CEC Dan Group, Al Hejailan, Rasheed Engineering, Dar ul Riyadh, and Siemens etc.

His experience on above projects through such reputable companies and consultants is definitely an added value for the PCC's profile.

“We believe in quality”

Policies

PARADIGM

“We believe in quality”

A - Quality Policy

We rely on the term quality in each and every concerns of the **ParadigmConstruction Co. Ltd. (PCC)**.The quality definition of our various commitments varies to different level. The key focus is always the maximum or optimum quality products or services at a reasonable compensation. The company's ongoing success is based on the business objective of quality and value underpinned by an in depth understanding of our specific client needs.Hence **PCC** is having a keen interest on the same.

Our aim is to achieve the standard which is internationally accredited. The same shall be definitely a landmark for the company.

B - Health & Safety Policy

PCC is very much cared about the health and safety of the employees of the company. They are giving their priceless dedication with life time validity to the company. So the company is equally committed to them to take care of their life and health. We have developed a culture that promotes an injury-free environment and provides the safest workplace possible for our employees, subcontractors, clients and others who enter or who near our construction sites. We are dedicated to elevating the standards for safety in the construction industry through a wide variety of methods. Through innovative training and education programs, we also provide our employees and subcontractors with the tools, knowledge and resources they need to increase safety, reduce risk and improve loss control on every project we manage.

The PCC is having the following steps to achieve the health and safety environment for the employees.

- Provide a safe health work place for all our people and our contractors.
- Make Health, Safety and Environment (HSE) a part of all business decisions
- Identify, access and manage HSE risks prior to commencing all activities, projects and acquisition.

- Apply standards that meet or exceed relevant legislation, regulations and communicate openly with our people, customers and the community on HSE matters.
- Provide information and advice on the safe and responsible use of our products.

The employees are also responsible to obey certain standards that are strictly defined by the HSE department of the company.

- Provide appropriate supervision, training and monitor conformance to quality standards.
- Each and every employee and other person should understand and accept their responsibility to promote a safe and healthy work place.
- Contractors and other group heads working on our premises have, and follow, appropriate safety procedures.

C - Environmental Policy

As a company turning corporate, we have certain responsibility to the society also. We are practicing the same from now itself. This will definitely make the company achieve the standards waiting.

- Strive to operate in a manner which minimizes HSE risk to our customers or to the public.
- Continually improve our HSE performance by regular monitoring and review of life guard and by establishing goals at all levels within the company.
- Use resources and energy efficiently and minimize waste and emissions
- Reduce and wherever possible, prevent pollution from our activities
- Lead, train and motivate our people and our contractors to work in a safe and responsible manner.
